25X1A 2. Comment. The VP train from Strasburg to Pasewalk cannot definitely be interpreted. It is believed, however, that contingents of VP units of Armeegruppe Nord returned from their winter quarters to the billeting area of Armeegruppe Nord in the Pasewalk area.

25X1A 4. Comment. The VP trains from Grossenhain to Stralsund cannot be interpreted. The VP special trains probably serve the traffic between Armeegruppe Sued in Dresden and the KVP Central Command in Berlin.
